**CARE TO DATE YOURSELF?** This picture was taken by T. J. Tronson in June of 1927. Lake St. was in the process of being paved. Mr. Tronson at that time had a photographic studio where Robin's Hardware now is. The view is from Tronson's Studio on Lake Street East toward Antioch's Main Street.

## Trevor Man Struck By Car, Dies

William G. Durr, Camp Lake Gardens, Trevor, Wis., became Lake County's first traffic fatality of 1964 when he was struck by a car as he crossed Route 173 just west of Antioch last Friday night, January 3.

The accident happened about 9 p.m. Friday night. Durr was struck by a car driven by Dearel Gamm, 19, of Rt. 3, Lake Villa, as he crossed Route 173 on foot about 300 feet west of the intersection of Routes 173 and 59.

Gamm was driving east on Route 173 when his car struck Durr. The Antioch Rescue Squad was called and took Durr to Victory Memorial Hospital where he died about two hours later.

Durr was 61 years old. He was born August 8, 1902, in Bloomington, Ill., and moved to Chicago in 1925. He moved to Camp Lake six years ago. He held membership in the Modern Woodmen of American Lodge. He was employed as a foreman at the Frostee Sno Co. in Antioch.

He is survived by his wife, Norma; one son, Herschel, of Dwight, Ill.; one daughter, Mrs. Charles (Fern) Hawes of Barton City, Michigan, and five grandchildren.

Funeral services were held at 11 a.m. Tuesday, January 7, at the Strang Funeral Home in Antioch with the Rev. Alvin O. Pinke of Christ Lutheran Church at Paddock Lake officiating. Interment was in Mt. Pleasant Cemetery in Stanford, Ill.

## Skating Pond Is Popular Spot In Town

The skating pond behind the Antioch Pool has become a gathering place for Antioch youngsters during the Christmas holidays. Possibly the warmer weather has made skating more attractive, too.

The pond was built on village property with most of the material and a lot of the labor donated by village citizens. Among those contributing material were Cunningham Cartage, Applied Engineering (Mt. Prospect), Thelen Sand and Gravel, Liberty Asphalt Co. (Grayslake), Antioch Lumber Co., Laursen & Blackman, Antioch Electric Service, Vos Construction, Carey Electric & Plumbing, State Bank of Antioch and the Public Service Co.

Among those who worked on the project were Murrill Cunningham, Wm. Vos, Irving Walsh, Ray Toft, Vic Lubkeman, Otto Hanke, Geo. Boyd, Bob Letkey, Jim Quedenfeld, Edgar Simonsen, Charles Mapleshorpe and Bob Cunningham.

The skating pond now has lights, so that it can be used in the evening, too. It's possible that the hockey games which some of the youngsters have been having at the pond will have to be stopped. Ricky Ripley, son of Dr. and Mrs. Richard Ripley, had several teeth knocked out during the game last Sunday. The danger of injury to younger skaters from flying hockey sticks and pucks has caused village authorities to give thought to forbidding the hockey games on the pond. The pond is re-flooded by village workers when the surface gets rough.

## Youth Shot While Hunting

Word was received in Antioch Monday that Don Francisco 3rd, a high school freshman and a former Antioch resident, was shot in the right shoulder in a hunting accident New Year's Day.

The Myrus Nelson family of Antioch were told of the accident in a phone call from the Francisco family.

Don, they said, was hunting with some of his boy friends on New Year's Day when he was accidentally shot. A man in a field some distance from the boys heard the screams when he was shot, ran to the scene and applied a tourniquet, saving the bleeding boy's life. The parents said he will not lose the use of his arm.

The family now live in Wetumpka, Alabama. Mr. Francisco is a member of the U. S. Air Force.

## Junior College Is Needed: Civic League

Agreeing with a recent statement by former Harvard president James B. Conant, concerning the value of a Junior College to the educational facilities of a community, Elmer W. Freytag, president of the Lake County Civic League has issued a statement in answer to inquiries from members relative to the League's position on the proposed Lake County Junior College which will be submitted to taxpayers in a referendum election on January 18.

"The League's directors have taken an unequivocal stand in favor of a junior college for Lake County, based in part on Dr. Conant's experience in evaluating the accomplishments of Junior Colleges now operating throughout the United States," President Freytag explained. "His opinion as the nation's most outstanding educational authority carries maximum weight with responsible citizenship. He points out that in many areas of the United States there is a threatened over-production of Ph. D. college graduates while the normal needs of society for well educated, capable technicians to serve business and industry are being neglected.

"This is particularly true in Lake County where a relatively small percentage of high school graduates can afford the ever mounting expense of college training. The answer, Dr. Conant points out, is to up-date public school educational programs by making primary college training accessible to the rank and file of high school graduates.

"A Junior College would be of particular value to Lake County because of its rapid industrial expansion," President Freytag said in conclusion. "Two years of college training develops increased production efficiency in business and industry, which in turn is reflected in increased tax revenues. Such increase in the county's tax income will ultimately liquidate the costs of Junior College education.

"These are the considerations which voters must have in mind when they cast their referendum ballot."

## Burned In Home Fire

Dale Conklin, 23 years old, and his two-year-old son, Timothy, both burned in the fire that swept their home at Channel Lake last Thursday night, are still in Victory Memorial Hospital.

Mrs. Conklin and the couple's other two children, Kim, 1 and Jeff, 3, are staying with her parents, Mr. and Mrs. Wayne Bobo of Sunside Subdivision at Channel Lake, since fire made their home uninhabitable.

The fire started when Conklin brought a gasoline tank from a car into the house to solder it. His wife and the three children were asleep when he started to solder a hole in the tank. There was an explosion and fire swept the living room. Conklin raced to his sleeping family and threw them out the window, first the children, then his wife. He was severely burned in the process. Timothy was burned on the left hand and the face.

The Antioch Fire Dept. extinguished the blaze. The Antioch Rescue Squad took Conklin and his son to the hospital.

The Conklins had formerly lived at Salem, Wis. Mr. Conklin was employed at Folly Turkey Farm near Trevor. Mrs. Conklin, contacted Tuesday, said her husband was doing well at the hospital. All their furniture was destroyed in the fire.

## Budding Stars Make Grandma Tardy

Three new TV stars were born last Thursday morning at 9 a.m. on the ABC program "Here's Geraldine." At least one member of their audience watched with breathless attention as they made their debut—Irna Hostetler of Antioch (it is only incidental that she's the grandmother of all three performers).

The three TV performers are bobby Gossman, age 4, his brother Ronnie, aged 3 (sons of Mr. and Mrs. Robert Gossman of Antioch), and Dean Hostetler, age 3, their cousin, (son of Mr. and Mrs. Larry Hostetler of Dundee).

They were first scheduled to go on the TV program at the time of the death of President Kennedy. With all programs cancelled, the children were re-scheduled for January 2.

They—and their mothers—were up at 5 a.m. of the big day, and on their way to Chicago at 6 a.m. And, according to witnesses (their grandmother) gave a poised and accomplished performance.

It may be a few years before they appear again. They are rather young to really go to work.

Incidentally, their TV appearance was the reason Irma was late for work last Thursday. (She works at the Towne Variety Store.) At 9 a.m. she was glued to the TV set, awaiting her grandchildren's appearance.

## Berned's Resort To Get Sanitation Award

Berned's Resort of Antioch was among ten establishments serving food to the public to receive a food sanitation award from the Lake County Health Department.

Dr. Arthur G. Baker, Director of the Health Department, announced the names of the restaurants receiving such awards this year. In addition to Berned's, Adria, Chez

## New Church Dedication On Sunday

The dedication service for the new Trinity Evangelical United Brethren of Lindenhurst will be held Sunday, January 12, at 3:00 p.m. The Reverend Harold R. Heininger, PhD, resident of Minneapolis, Minn., and Bishop of the Northwestern Area of the EUB Church will preach the dedicatory sermon entitled, "Quality People." Dr. Heininger has been bishop of the church since January 1, 1955.

Other clergymen participating in the service will include the Rev. Sherman A. Cravens, DD, Eastern District Superintendent of the Illinois Conference, and the Rev. Thomas Lowery, Sr., of Mason City, Ill.

Lay participants in the service will include the building committee composed of Mr. Paul Blomquist, chairman; Mr. Adolph Antonacci, Mr. Andrew Clawson, and Mr. Richard Gorski, and the pastor, Rev. Thomas E. Lowery. The Board of Trustees of the church will also participate. The Board of Trustees is composed of Mr. Andrew Clawson, president; Mr. Warren F. Flint, Jr., and Mr. Donald O. Tuttle.

The new church, which is a \$50,000 structure, was designed by Mr. Norman Werner of Werner Associates Architects of Glenview, Ill. The general construction is under the supervision of Mr. Leo Johnson and Company of Skokie, Ill.

The church consists of the nave to seat 180, the fellowship hall, which will be used for educational purposes, and the pastor's study.

The members and friends of the community are cordially invited to attend the Women's Society of World Service will sponsor an open house at 4:30 p.m.

## Local Man Dies Of Heart Attack

Nicholas I. Adamski, 73 years old, of Rt. 1, Box 262, Antioch, was found dead in the yard of his home by his wife last Friday.

Mrs. Adamski said her husband was cutting down a tree when he suffered the fatal attack. He was taken to the Antioch Clinic, then to Strang Funeral Home by the Antioch Rescue Squad.

Mr. Adamski was born Jan. 28, 1890, in Poznan, Poland. He had lived in Antioch Township for the past 13 years. He had worked as a coremaker in a Chicago foundry prior to his retirement.

Mr. Adamski was taken to a funeral home in Chicago from Strang's Funeral Home. Services were held on Tuesday, January 7, with burial in St. Adalbert's Cemetery at Niles, Illinois.

## Mrs. E. Jacobs Is Heart Fund Chairman

Judge Glenn Seidenfeld of Waukegan, Chairman of the Lake County Heart Fund, announces the appointment of Mrs. Edward C. Jacobs, 416 Hardin Street, as Antioch Township Heart Fund chairman. She will spearhead the efforts of Antioch Heart Fund Volunteers in their appeal for \$1,200.00.

The annual campaign for funds to support research, education and community service programs of the Heart Association begins with the opening of Heart Month on February 1st, and continues through February 29.

The awards are given in recognition of outstanding programs of food service sanitation.

## Bus Driver Dies Suddenly

Charles Kugelman, 64 years old, a bus driver for the Riverview Grade School in Silver Lake, Wis., died suddenly of a heart attack last Thursday as he backed the school bus out of the garage preparatory to starting the morning run. Kugelman was found dead at the wheel of the bus when by-standers opened the door after the vehicle rolled back into another car.

Mr. Kugelman, of Oriole Lane, Paddock Lake, Wis., died at 8:40 a.m. Jan. 2. He had been driving bus for the past 14 years. Previous to that he had been a member of the Chicago Fire Department, retiring in 1949.

Mr. Kugelman lived in Chicago until moving to Paddock Lake fourteen years ago. He held membership in the Chicago Fire Fighters Union Local 2 in Chicago.

He is survived by his wife, Amy H. Kugelman; one daughter, Mrs. Vivian Schnable, Skokie, Ill., one brother, Oliver Kugelman, Chicago, and two grandchildren and one great-grandchild.

Funeral services were held at 3 p.m. on Saturday, Jan. 4, at the Strang Funeral Home in Antioch, with the Rev. H. Chase Page of the Salem Methodist Church officiating. Burial was in Salem Mound Cemetery near Silver Lake, Wis.

## Tavern Owners To Elect Officers

The election of officers will take the spotlight at the meeting of the Tavern Owners Association of Lake County at McCormick's Restaurant, Lake Bluff, today (Thursday) at 3 p.m. with the presentation of special awards by the Lake County Health Department.

The Health Department awards will be made in three categories to those restaurants, taverns, and hotels which best meet the department's standards of cleanliness and health protection measures.

The election of officers will produce a new president since Al Skokie, of North Chicago, will not seek re-election to a fourth term, but will be a candidate for secretary.

A three-way race for president will pit Casimir (Ki) Serzynski, of Waukegan, the incumbent treasurer, against Mark Turner, of Antioch, and Emil Michno, of Gages Lake.

Gil McCormick, of Lake Bluff, is seeking re-election as vice-president and is being opposed by Lois McNiff, of Channel Lake.

In the only other contest Dick Raske, of Round Lake Beach, will be opposed in his bid for re-election as sergeant-at-arms by Don Hartman, of Antioch.

Incumbent Secretary Albert (Bud) Beyer of Gurnee is unopposed for treasurer.

## Village Hall Ready: Lack of Reports May Be Costly To Village

Member of the Village Board toured the newly completed Village Hall Tuesday night before the meeting. The village clerk and treasurer expect to move into the new quarters next week, using furniture from the old village hall until new furniture can be purchased and installed.

The board approved a motion to pay Vos Construction Co. the balance due them for construction of the new building, minus \$100.00 which will be held back until spring clean-up work is done. The balance due was \$13,219.48, \$911.68 more than was authorized in the original contract.

The new village hall includes a large office, with counter, for the village clerk and treasurer; a vault; a meeting room for use of the village board; two washrooms, and two smaller offices, one for the use of the mayor and one to be used as needed for the present. The second office, according to

Mayor Cunningham, is designed for possible use by a full-time building commissioner. The Board approved the expenditure of \$874.76 for furniture for the clerk's and treasurer's office, to be purchased from Jacob's Business Machine and Equipment Co.

David Nissen reported that since a pedestrian was killed at the intersection of Routes 50 and 173, he has received several complaints from occupants of buildings on that corner that lighting is insufficient. Mayor Cunningham directed Mr. Nissen to investigate the matter and report at next month's meeting.

Ernest Glenn called the attention of the board to the numerous carts from supermarkets which are abandoned on the streets and in parking lots, creating a hazard. Ray Toft was authorized to talk to managers of the stores owning the carts and try to reach a solution of the problem.

Mayor Cunningham informed the board that he had received a letter from the State in regard to the resurfacing of Ida Avenue. David Miller, engineer on the project, he said, had been paid in full for the project two years ago. Because he had failed to supply the state with necessary reports, Mayor Cunningham said, the state would not pay the two-thirds portion (about \$1,000.00) as originally planned. The state had repeatedly requested the reports, Cunningham said, and Miller had promised to supply them, but had not done so. After considerable discussion, Attorney Jacobs was instructed to write to David Miller and inform him that if the village were forced to pay the \$1,000.00 the board would take steps to try to secure a refund of the money from Mr. Miller.

Mayor Cunningham called the attention of the board to the property on the north-west corner of North Ave. and Nelson Road, the road which leads to the Benedictine Monastery. The property was recently rezoned business with the understanding that a building would be erected on the site. A sign has now been put up announcing the sale of used car parts, and several junk cars are on the premises. Antioch has an ordinance preventing used car lots within the village limits, Cunningham pointed out. Ray Toft, chairman of police, was instructed to call the attention of the owner of the property to the village ordinance.

After a discussion of the new skating rink near the Aqua Center, Edgar Simonsen was instructed to put up signs prohibiting the playing of hockey on the pond, because of the danger to other skaters, particularly the younger ones.

The play is an adult comedy, directed by Larry Welch. Sixteen men and one woman make up the cast. Reservations may be made by calling 395-3611. Tickets may also be bought at the door.

## 1963 Building Passes \$1 Million Mark

Building in Antioch in 1963 ran well over the \$1 million mark. Here is a breakdown of the total building in the village for last year, as issued by Clarence Shultis, village clerk:

Additions & Alterations to Commercial & Industrial buildings	\$ 114,162
Additions and alterations to private residences	38,333
Private garages (12)	16,816
New residences (19)	269,244
Apartment, 78 units	596,000
Professional Plaza	150,000
Church addition	133,000
Total of all building for 1963	\$1,315,555

## Call Meeting of Stock Car Drivers

All area stock car drivers are invited to a meeting of the Lake County Racing organization at Trevor, Wis., on Friday, January 17, at 8 p.m. The meeting will be held at Iggy's Place on County Trunk C at Trevor. Gordon Sill of Antioch, contractor and president of the new corporation at Waukegan Speedway, announced that it would be a joint meeting with drivers, officials and owners of the Wilmet Speedway.

"We look forward to close cooperation between the two tracks for the first time in many years," Sill said. "Mr. Smith, promoter of the Wilmet track, will be working closely with us in the 1964 season. Plans have been made to operate the Waukegan track on Sunday nights, starting in May."

Wilmet will continue to operate its usual Saturday night program. Owners of both tracks will utilize the same point system, Mr. Sill said.

The office of Secretary of State Charles F. Carpenter has announced the suspension of the driver's license of James P. Goggins, 125 Oakwood Drive, Antioch, and of James C. Hollimon, Rt. 5, Box 358, Antioch, after three violations.

Probationary permits have been issued to Robert K. Coleman, Rt. 3, Box 391, Antioch, and to Thomas M. Furlan, Rt. 1, Box 573, Antioch.

## G. C. Elects New Board Members

The new Board of Directors of the Chamber of Commerce in 1964 was announced at the last meeting of the 1963 Board on Tuesday night.

The members of the new Board are Richard Miller, Hilliard Tobieski, Fred Walpole, Bette Meyer, John Dallman, Robert Wilton, Jr., John Romer, Don Pittman, and John Stevens.

The outgoing board was made up of William Brook, Jean Gressens, Howard Shepard, Bette Meyer, Joe Patrovsky, Elmer Baethke, John Stevens, Marion Pechousek, and Carl Seemann.

The new board will hold a meeting in the near future to elect officers.

TWO SHELTERS with benches protect the skaters from the wind while they don skates or rest. Lights now brighten the skating pond during the evening hours.

## A Step Forward

Congress has passed a multi-million dollar mental health bill, the first genuinely significant move made toward fighting a heartbreaking problem that ruins many lives. A total of 329 million will be spent in research, construction of mental health centers and training of teachers.

President Kennedy's interest in improvement of mental health facilities helped to spark the legislation, as President Roosevelt's zeal in stamping out polio sparked the successful March of Dimes and eventually financed research which should eventually eliminate polio.

Even more wonderful than the discovery of a polio vaccine would be the uncovering of the knowledge of the cause, or causes, of mental retardation and other forms of mental disease. There is probably no problem so heartbreaking as that of a parent who must try to map out a future for a child he knows can never care for himself.

Up to now, most people have simply tried to forget that the problem exists. Many of those who were finally forced to face it because the problem arose in their own family have worked against a mass of public indifference.

It may be a blessing to future generations that one of the Kennedy children was a retarded child, causing the President to take a personal interest in the problem, as Franklin D. Roosevelt's affliction with polio finally contributed so much to stamping out the disease.

## Respect For The Law

A communique from the U. S. Department of Justice speaks with concern of the growing contempt of the citizenry for law enforcement officers. Too many people, rather than trying to help the police officer in his duty, try to obstruct him.

Unless the trend is reversed, J. Edgar Hoover points out, another sharp rise in crime will be noted.

Contempt for police officers can be traced to a mixture of several reasons. The crooked cop is certainly responsible for a good deal of it. He may represent a small percentage of the total police force, but his influence on the attitude of the ordinary citizen is great.

Inspiring almost as much disrespect is the honest but ineffectual cop. He complains that he's hamstrung by crooked or too lenient courts by dishonest or lazy superiors, and public apathy. So he's quit trying. No one respects a failure, and this type of cop is certainly a failure. He's not doing a good job at his chosen profession, he's not even earning his pay. And he's not going to inspire respect.

But probably the greatest reason for disrespect of the law is in the attitude of the people themselves. Enforcement of the law, they feel, is no concern of theirs. They're paying someone to do it, so it ceases to be a matter of their personal responsibility.

There are so many laws, now,—and many of them highly unpopular—that a citizen would find it almost impossible to get through many days without breaking some law. The continual, countenanced breaking of small laws leads to an attitude of disrespect for all law—and all law enforcers.

So, as with most matters of government, the final decision as to whether or not he wants law enforcement rests with the common man. He must expect and demand a good job from his policemen, and he must respect the officer of the law, and teach his children to do likewise. Even though he may know a certain policeman is unworthy of respect, he must respect the uniform the officer wears as a symbol of law and order, or chaos will result.

By Pearl Kapell

One of the best performances of the year was given recently in the Ladies' washroom of the Antioch Bowl, by a wife who shall remain nameless. It will be interesting to see how many husbands accuse their wives of being the actress of whom I speak. Or will they all read, smile smugly and say to their wives, "Aren't you glad I'm not like that?"

The performance was loudly applauded by all wives within earshot, and enveloped by cries of "That sounds just like MY husband!"

The lady had a husband home with a cold. Any husband who has a cold is much sicker, of course, than any other human being with a cold. This is a very strange thing. A man with a cold is not nearly so sick as a husband with a cold.

"Are you feeling pretty bad, dear?" said friend who soliloquously, thinking of dismay of the moment when she must remind him that tonight is her bowling night and he's going to be left alone with the children. "Moan, hark, hark, snuffle, snort. I can't breathe," he huffs hoarsely. "I've got a funny pain in my chest. A lot of guys are dropping dead with heart failure with this thing," he reminds her darkly. "Guys about my age."

"Would you like something to eat, dear? Some soup maybe?"

"Of course I'm not hungry!" He looks indignant. "But I suppose I have to eat to keep my strength up. Maybe a nice thick steak, with fried onions. Onions are good for a cold, aren't they?"

So goes the day, with the poor dear fighting for breath, calling weakly for food, Kleenex, and somebody to turn the knob on the TV. Comes the dreaded moment, when Mary must announce to John that the time has come for them to part—the time to remind him that she's going bowling.

"It's my bowling night, you know, dear," she announces briskly. "Will you be all right alone with the kids?" He gives her The Look usually reserved for rats deserting a sinking ship. "Go ahead," A fit of coughing interrupts his words. "Enjoy yourself. Nobody gives a darn whether I live or die anyway."

There are variations in the words at times. But that last martyred statement is peculiar to husbands. Perhaps embellished by a graphic account of the merry existence she will undoubtedly lead after she collects his life insurance. Useless to remind him that she might find it a bit difficult to finance this merry life on \$5,000 insurance, with four small children to support. Oh, yes, she will. She'll run around with other men before he's cold in his grave, a martyr who died of a head cold and a raging fever of 98.8. If the cold lasts long enough, he dwells on the gay life she'll lead as his widow, she may, indeed, begin to think it wouldn't be so bad, after all.

Like when she's made fifty trips to the bedside of her suffering spouse. Weary, she finally sinks down on the davenport to feed the wailing baby his bottle and watch TV. The baby begins to sink into slumber, with half the bottle gone. Ah, perhaps, if he gets sound asleep, he'll sleep for an hour or two and she can get the dishes done. "Mary!" calls a feeble voice from the bedroom. She tries to ignore it. If she answers the baby will wake.

"Mary!" a plaintive wail. "Come here!"

Is he sicker than she thought? Can she ignore it? A third call, more urgent. She rises. The baby wakes. She gets to the bedroom, the baby now awake. "What is it?" She tries not to sound irritated. He gazes sadly at her from red-rimmed eyes. "Turn down the TV so you can hear me if I call, will you?" Maybe \$5,000 insurance would be enough, after all.

A ready hand is better than a ready tongue.

## Courthouse Notebook

A Lake Villa reader, Mr. Richard Wayneson, has questioned our position on the recent legal action taken by the Lake County Bar Association to block further court action against the new Lake County Courthouse.

In a recent column we said we agreed with the goal of the bar association, but felt that putting an arbitrary limit on the right of the citizens to seek court relief from the actions of a legislative or administrative body would establish a dangerous precedent.

The goal we spoke of was getting some action on the construction of the courthouse and not the handcuffing of the ACT and Mr. Bowman.

In our opinion the new courthouse should be built and will be built and further delay is going to add to the cost of the building, a circumstance which should be deplored by the ACT.

The legality and wisdom of establishing the Lake County Building Commission to proceed with the construction of a new courthouse was the subject of long and searching debate and study on the floor of the county board. It has been the subject of repeated court actions.

An endless procession of court actions is unlikely to change the situation. Certainly they will not alleviate the crowded conditions in the courthouse or improve the efficiency of the county departments which have to function under the crowded conditions.

We still feel that the drastic remedy sought by the Bar Association is a little like amputating the arm to get rid of a hangnail, however.

Mr. Wayneson also questions the right or the fairness of the association in by-passing the lower courts to submit its petition directly to the Supreme Court.

This apparently is the only course open and speeds up the final decision on the matter.

As to the failure of August Cepon, chairman of the Public Building Commission to reveal that a levy would have to be made to insure bond payments and for other costs.

## TWO TYPES OF DEALERS

I recently heard a dealer acquaintance who had moved from a very large city to a medium size place explain the difference between the two.

He summed it up by saying that in his large city dealership he rarely knew his customers personally and almost never met them socially. But since moving to a smaller center the opposite was now true—he seldom DOESN'T know the people who are buying from him. Quite a few on a first name basis and many as personal friends.

He admitted that he now felt compelled to be scrupulously honest with his customers for the obvious reason that if he ran his business any other way, word would soon get around and his business would suffer.

This basic truth about the car business accounts for the fact that a "wheel and deal" dealer, to use the trade slang, can't operate successfully in a small town or city. He must pull buyers from miles around, usually on a basis of misleading price ads or similar gimmick claims.

It logically follows that since he doesn't expect to see his customers again (the distance involved quickly discourages driving back for service or complaints) this type dealer considers his out-of-town buyers fair game for every type of corner cutting that will squeeze an extra dollar of profit out of the sale.

If you deal out of your own town or city with this type of operator on the understandable desire to "save" a few dollars, you are likely to regret it, as thousands of buyers who have will testify.

## Along The Way

with ANNIE MAE

Time marches on, and now we are into this brand new year with all of its expectations and hopes. But before we charge into 1964 and try to solve all the world's problems, let's take a look at THE HOLIDAY IN REVIEW. On the 15th of Dec. the George Hawkins held an open house in their lovely newly redecorated home, and start the party whirl.

On the 21st, the Wm. Meyers hosted a gay Holiday party. The next day Dec. 22, the Jr. Robert Wiltons served cocktails in a delightful Holiday atmosphere.

Also that day the Dan Dujenskis entertained a group of friends at a dinner party. A post-Christmas Open House at the Jr. Joe Patrovskys' bubbled with champagne and guests filled with the spirit of the season on Dec. 28th.

Wrapping up this gala party round was the annual New Year's Day brunch at the home of the Wm. Brooks and co-hosted by the George Hawkins.

THE LATEST REPORT: It's a baby boy for the Stuart Olsens. Hate to tell you, fellows, but the crepe on the signs in front of the P. O. could be taken off any time now. We understand that plans are moving ahead for a financial institution's western move.

The announcement of that Rte. 59 Shopping Plaza approval by the ZBA will probably bring all the merchants running again as they did last spring. But I wonder if anyone will listen this time.

The unfortunate accident at the Ice-rink this past week should point up a program for safety on the campaign trails.

## Your Governor Reports

by OTTO KERNIE

On New Year's Day, the Illinois court system became the most modern and streamlined in the United States.

The new court structure, authorized by an amendment to the state constitution, makes Illinois a model for the nation. The change simplifies and unifies our former courts, allows on-the-spot administration of the entire system, reduces delays in litigation and guarantees independence of the judiciary. In the past the proper execution of Illinois justice has often bogged down in a huge backlog of cases, mostly because we had an outdated judicial system, frozen by a century-old state constitution. There were periodic patchwork attempts to remedy the situation by adding new courts and judges, but each served only to confuse the system while adding to its expense.

It became apparent that a broad revision of our courts was needed if the State of Illinois was to have modern and efficient administration of justice. It was such a revision, proposed after years of study by hard-working committees of attorneys and judges, that the voters of Illinois wisely adopted.

ed in 1962, to become effective Jan. 1, 1964.

The new system had only three courts: the Circuit Court, the Appellate Court and the Supreme Court.

The Circuit Court, which is the only trial court, absorbed the functions of the justice of the peace courts, police magistrate courts, city, village and incorporated town courts, municipal courts, county courts, probate courts and the Cook County Superior, Criminal and Municipal Courts. The judges from these former courts became either judges, associate judges or magistrates of the circuit court.

The Illinois Supreme Court supervises the whole court system. In cases where a circuit becomes loaded with too many cases, the Supreme Court can assign trial judges from other circuits to ease the burden and to promote faster handling of cases. A chief judge has the general administrative responsibility for coordination and use of the judge manpower within each circuit.

The entire reorganization adds up to an efficient and effective judicial system for Illinois.

## DEATH NOTICES

**JOSEPH MOCKUS**

Mr. Joseph Mockus, 87 years old of the Lake Villa Nursing Home passed away on January 4, while being taken to the hospital in Waukegan. He was born in August, 1876 in Rasnal, Lithuania, and came to this country in 1908. He worked in the coal mines in Pennsylvania, then moved to Port Washington, Wis., where he was employed in a chair factory, later at the North Chicago Foundry, and his last employment was on farms in Lake County.

He is survived by two sisters in Lithuania; one nephew and one niece in Port Washington, Wis.

Services were held at 1 p.m. at the Strang Funeral Home in Antioch. Interment was at Home Oak Cemetery near Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services.

**MRS. MARY KAPPLE**

Mrs. Mary (Mayme) Kapple, 81 years old of Arlington Heights, Ill., but formerly of Lake Villa, Ill., passed away Friday, Jan. 3, at 8:05 p.m. in Holy Family Hospital at Des Plaines, Ill., after a short illness. She was born May 7, 1882 in Chicago, Ill., then moved to Lake Villa 60 years ago and has been residing with her daughter, Mrs. Janice Rothers, at Arlington Heights, Ill., since October, 1963.

Mary Gorman married Albert T. Kapple on Sept. 12, 1906 at Libertyville, Ill., and he preceded her in death on April 27, 1959. Mr. Kapple had been a charter member of the Lake Villa Volunteer Fire Dept., served as Lake Villa Town Clerk, and the Lake Villa Grade School Board previous to his death.

Survivors are one son, Edwin Kapple, Morton Grove, Ill., two daughters, Mrs. Janice Rothers, Arlington Hts., and Mrs. Aileen Krook, Grand Rapids, Mich., and 7 grandchildren.

Services were held at 9:30 a.m. Tuesday, from Strang Funeral Home in Antioch to Prince of Peace Church in Lake Villa at 10 a.m. for a mass. Interment was in Mount Carmel Cemetery at Antioch.

**CHARLES H. HANKE**

Mr. Charles H. Hanke, 83 years old of Beach Grove Road, near Antioch passed away on Wednesday, Jan. 1, at 8:30 p.m. in St. Therese Hospital at Waukegan after a long illness due to a heart ailment.

Mr. Hanke was born June 22, 1880 at Stolp, Germany, and came to America in 1883, to settle in Chicago where he married Gretchen Schipman on June 24, 1908. While in Chicago he worked as a salesman for the Grennen Cake Co. He then moved to Levy, New Mexico, where he was a state representative in the seventh legislature of that state. He then moved to Trevor, Wis., in 1939, where he operated what is now known as the "Colony House Restaurant." He retired in 1950 and has made his home with his daughter, Mrs. H. F. Rogers at Bluff Lake since that time. Mr. Hanke held membership in Legion Lodge No. 1037 A. F. & A. M. in Chicago. This lodge officiated at the services for him.

He is survived by his wife, Gretchen, two daughters, Mrs. Harry (Lucille) Rogers and Mrs. LaMonte (Leona) Davis, both of Antioch; one brother, Paul Hanke, Hoffman Estates, Ill.; three sisters, Mrs. Martha Glorch, of Bensenville, Ill., and Mrs. Viola Reifensuhl, Forest Park, Ill., and Mrs. Edna Plotau, Sarasota, Fla., three grandchildren and three great-grandchildren.

Funeral services were held at 1:00 p.m. on Monday at the Strang Funeral Home in Antioch. Interment was in Mount Emblem Cemetery at Elmhurst, Ill.

**THOMAS J. MORAN**

Thomas J. Moran, Sr., 52, 195 Oakwood Drive, Antioch, died December 31, 1963, in Victory Memorial Hospital after a short illness.

He was born in Chicago March 6, 1911. He was a mechanic for the Chicago Tribune. He moved to Antioch about ten years ago.

He is survived by his wife, Dorothy; a son, Thomas, Jr., and a daughter, Mrs. Margaret Cox; two grandchildren; a brother, Richard;

## How to Brew Excellent Coffee for a Crowd

Chances are that sometime during the holiday months ahead, you'll be called upon to serve coffee to a large group. Happily, coffee in any quantity is one of the easiest refreshment assignments you can draw. Once you know a few rules, you can make excellent coffee for any number of people.

Let's assume you'll be making forty average servings. Allow one pound of ground coffee to two gallons of water. Some simple arithmetic will enable you to adapt the recipe to a larger or smaller group. Even easier: employing any standard measuring device, use one part coffee to six parts water for perfect results.

If you use a coffee urn, use the suggested coffee-to-water proportions—drip grind coffee, of course—then follow the brewing instructions given by the manufacturer of the urn.

### Coffee in a Kettle

Excellent coffee can be made in an open kettle, too. First, measure freshly-drawn cold water into a spotlessly clean kettle and heat it to boiling point. In the meantime, measure regular grind coffee into a clean cloth sack which has been soaked and rinsed thoroughly. The sack must be large enough so that it is not more than half-full when the ground coffee is placed in it. This allows for expansion of the coffee and free circulation of the water. Tie the top of the sack tightly, allowing enough cord for fastening to the kettle handle.

When the water comes to a full, rolling boil, reduce heat to hold just below the boiling point. Fasten the sack to pot handle, then submerge the sack into the water. Keep the kettle on low heat and push the sack up and down frequently to get the proper extraction. Brew 6 to 8 minutes. Do not let the coffee boil. When the coffee is ready, remove the sack, permitting all the beverage to drain into the kettle. Then, serve your delicious coffee as soon as possible.

**PEDESTRIANS KILLED AND INJURED**

Nine thousand nine hundred thirty pedestrians were killed or injured by motor vehicles in Illinois during 1962. The majority of them were hit while crossing the street or roadway at some place other than an intersection. One's first reaction may be to say, "Why don't they watch where they are going?" or, "Why don't they obey the law and cross at the corner?"

Another look at the accident report figures tabulated by the State Division of Highways casts a different light on the picture, however: 62% of these victims were children under 10 years of age. Regardless of how much safety instruction young children have received in school and in the home, they forget easily during the excitement of playing. A small child does not stop to review the traffic laws for pedestrians before he dashes out into the street to run down a ball or chase his puppy.

"John! Watch out for that child!"

Drivers must remember to exercise special care when travelling through residential districts and school zones. Stay well within the posted speed limits, watch both sides of the street closely and be prepared for an emergency stop. It is the joint responsibility of both parents and drivers to make every possible effort to prevent the occurrence of this most regrettable type of tragedy. . . . the striking down of a child in the street.

two sisters, Ellen McKee and Ann Kelly. Funeral services were held from the Tohle Funeral Home in Chicago on Friday, January 3, with Mass at St. Cornelius Church. Burial was in All-Saints Cemetery.

## Teen-Agers Lead Way In Community Projects

Maybe the world isn't going to the dogs, after all.

In the midst of the gloom generated by cold wars, hot wars, lukewarm wars, nuclear threats and hate, prejudice and fear, there are still a few flickering candles of good will. And the brightest omen of all is that some of them are being lit by teenagers.

One of these shafts of light is provided by the Champaign Youth Council, whose program won a third place in Parents' Magazine's ninth annual youth group achievement awards.

Boh University High School and Champaign High School, as well as youth groups from churches and other organizations all over Champaign-Urbana, participate in the program.

These programs include not only recreation projects, but service projects: a "PAL" program where teen-agers help elementary school children with emotional and learning problems; a pre-kindergarten program for children from culturally deprived homes; and a hire-a-teen program designed to help youngsters find summer jobs.

Some clues to teen-age attitudes about the program are provided by the participant themselves.

One Uni High girl who has taken part in the program said:

"I think it's the most worthwhile thing in town."

"It seems that service projects got the best response," she went on. "If you ask kids to help with recreation projects they're anxious to help."

Does this perhaps indicate that teen-agers are not as interested simply in fun and games as adults sometimes think—that they really want to help their communities?

Mrs. Felice Perlmutter, Project Director of the Youth Council, was cautious about this.

"It's been our experience that when a service project is meaningful, the response is good," Mrs. Perlmutter said. "I'd be cautious about saying more than that."

"It is true," she added, "that our service projects have been quite successful."

"But each one is dependent on so many things—the attitudes of so many different people. It's hard to make generalizations."

The PAL program is one to which teen-agers have responded eagerly and which seems to have been of real benefit to those involved.

This program consists in assigning a teen-ager to an elementary school child who has emotional or learning problems as a sort of "big brother" or "big sister."

One teen-ager, who showed an excellent grasp of the purpose behind the program, said:

"I was supposed to equip him with a knowledge of the

THE ANTIOCH NEWS  
THURSDAY, JANUARY 9, 1964

community, and also to try to give him a sense of emotional security, because there wasn't a father in the home he came from."

"I took him to free things, like the natural history museum, the art museum, and things like that. I took him to cultural affairs—and to places like the library and the YMCA. The idea was to give him an idea of what was available without it costing him money."

"The help we gave was indirect—we didn't try to take the place of adult counselors."

Preparing teen-agers for coping with a complex world is a complex problem, without any fast, easy answers.

But as long as kids are interested in helping those younger than themselves face the same world, maybe there's still some hope in a world for our grandchildren.

Maybe, after all, "A little child shall lead them," is not such an outdated quote.

If the steak is so tough that it is inedible then tell yourself it has a wonderful flavor.

Pedestrians out walking after dark should wear something white or light colored if possible, according to the Chicago Motor Club. Pedestrians also must remember to cross only at intersections. Never assume the driver of a car will slow down or stop for you. He may not even be able to see you until it's too late.

## Found: Boots and A Plastic Pail

Is someone who lives on or near Corona St. (near the Antioch Lumber Co.) missing a pair of white, very small, children's boots and a pink plastic—well, we'd guess it's a diaper pail?

Ed Vos found the pail and the boots in the street near the lumber yard before Christmas. He was unable to find an owner, so asked that we put them in the window of the News, hoping the owner would see them and claim them.

They've been there a couple of days now and no one seems interested. Perhaps you know the owner.

## Wheelchair Evangelist To Speak At Lindenhurst

By Mrs. Bernice Bernau

LINDENHURST — Rev. Allen V. Lee, a member of the staff of the Commission on Evangelism of the American Lutheran Church, will be in Lindenhurst from January 12 to 16, conducting a series of special preaching services in St. Mark Lutheran Church, 1822 E. Grand Ave. Rev. Harold I. Nelson is the pastor.

A native of Stewartville, Minn., Pastor Lee is a graduate of Luther College, Decorah, Iowa, and Luther Theological Seminary in St. Paul, Minn. For three years (1930-33) he coached athletics at Garretson High School, Garretson, S. Dak. He was credit manager at Erickson Clinic, Sioux Falls, S. Dak., until he entered the Seminary in 1935.

Lee, 53, known as "the wheelchair evangelist," was stricken with polio in 1938, while a senior at Luther Seminary, St. Paul. For the past 17 years he has been an evangelist, preaching from his wheelchair.

Pastor Lee received treatment for his illness at hospitals in Rochester, Minn., and Warm Springs, Georgia, improving enough to return to Luther Seminary in 1940, graduating the following year. He received further personal treatment from the late Sister Elizabeth Kenny in Minneapolis, and now has partial use of both arms, though his trunk and legs remain paralyzed.

Rev. Allen V. Lee

As an ELC evangelist, Lee has traveled extensively throughout the U. S., driving an auto with hand controls. His wheelchair sermons emphasize faith to bring victory over physical limitations, and he is popular with children and young people.

On May 3, 1959, he was ordained into the ministry of the Evangelical Lutheran Church, the first man in a wheelchair to receive such action by this 1,100,000 member body. On January 1, 1961, he was installed as one of the preaching evangelists in the American Lutheran Church.

Lee and his family make their home on a farm near Layfield, Minn., where they raise purebred Suffolk and Columbia sheep. He and his wife, Helen, were both raised on a farm and they believe that it is a good place for their son, James, age 14 and Rebecca, age 11. Each of them have sheep for their 4-H project.

The story of Lee's struggle with polio has been featured in a book, "My Soul More Bent," by Melva Rorem.

## smart-cuts for women

Don't despair because your lovely white satin shoes are not "lovely-white" anymore. One of the easiest ways to get them ready for the Big Party Night is to rub them clean with a soft art-gum eraser. If they're very soiled, rub with a soft cloth dipped in cleaning fluid—or dipped in uncolored alcohol to which you've added a few drops of lemon juice.

No more wondering whether your bathroom scale is accurate or not. Test it by weighing a 5 or 10 lb. bag of sugar (or flour) on it.

Lucky you, if you have a Christmas Poinsettia plant! And if you're going to hate to see the blossoms fade, then you'll want to know how to save it for next year. . . so in '64 you'll have it blooming beautifully again. After the blossoms fade, cut down the stalk and put in semi-dark, dry place. Around the middle of April, re-pot plant in fresh, rich soil, placed so it gets plenty of sun. Water regularly. (You'll get lots of new growth!) Next summer, take-pot and all and plant in the garden, making sure not to disturb the roots. When nights start getting cool, dig up pot and bring back into house.

With all the new porcelain glazes on the market—you can now repair chipped porcelain almost like a professional! Clean area of all grease and dirt. When completely dry, apply thin coat of glaze. In half hour, apply another thin coat, and continue until chipped spot is level with surrounding surface. The most important thing is not to try to fill the spot with one single thick coat. Use denatured alcohol to wipe off any surplus glaze.

**Smart-Cut:** Reinforce the heels of your plastic storm boots with pieces cut from old cotton-lined rubber gloves. Cement rubber into boots . . . and your shoe heels won't poke through any more.

Don't forget, this is the tangerine season. They're delicious to eat plain, right out of the skin—they're excellent taste-additions for salads, fruit cups, fruit juice—and they're loaded with Vitamin C!

(Watch for Maggie every week!)

Since home became merely a place for changing one's clothes, prospective buyers are mainly interested in knowing the number of baths and wardrobe closets.

A SKATING PARTY at the roller rink celebrated the McDonald children's birthday. The birthday children and their guests are, front row: Donald White, Stephen Janckie, Roy Bell, Larry Rathman, John White, Francis Storm, Carolyn Storm and Eileen McDonald. Back row: Charlotte Storm, Barbara, Christine Janckie, Richard McDonald, Diane Lucas, Cheryl Galunke, Linda Meyers, Bonnie Bell, Roy Rathman, David White.

## "Where The Boys Are—"

### West Miltmore

By Rosemary Holiday

Now that the holidays have drawn to a close, the organizations in the community are starting to "dig in" on their 1964 projects.

Foremost on the January agenda of the West Miltmore Women's Club will be plans for fund raising events to meet the Club's pledge to Countryside Hospital. As usual, many small events will be scheduled with the additional possibility of having an all-out luncheon and fashion show in the summer. Because everyone works hard to make these events so, they are always enjoyable and successful.

The West Miltmore Civic Association will have its hands full this coming year with its two main problems, obtaining more active interest by residents in the association and obtaining financial help to maintain the West Miltmore Beach. Although the beach facilities are used by the three communities of West Miltmore, Lindenhurst and Venetian Village, the financial responsibility of maintenance, life guards and operating costs of the beach has been on the shoulders of the West Miltmore community. Occasional donations have been received for beach maintenance from the other two communities but it by no means is an equal share. This will be something to work toward rectifying in this year's association activities.

The Venetian Village Civic Association will be working toward a more active membership by the residents of their community this year. Also the Venetian Village Women's Auxiliary will continue in its efforts to support local community projects and maintain the civic hall.

The Good Neighbor Club from Venetian Village and the Lakeside Ladies from West Miltmore will continue having fun and refreshments while meeting with their friends throughout the coming year.

Perhaps one more resolution we can all make for the coming year might be to . . . take a more active part in our community affairs.

Unless it affects us personally, most of us can take bad news philosophically.

## Rainbow Girls Slate Election

The Antioch Assembly, Order of Rainbow for Girls, will meet on Monday, January 13, at 7 p.m. at the Masonic Temple.

Susan Lindblad will preside at her last meeting of her term.

Juanita Gillum and her mother will be in charge of the refreshments. At the meeting there will be election of new officers for the next term. Susan Bloom and her corps of officers will be installed at the installation ceremony on Saturday, Jan. 18, at the Wesley Hall, Methodist Church at 7:30 p.m.

Susan Lindblad and a group of Rainbow Girls enjoyed an evening during Christmas holidays caroling in Felter's Subdivision. Later Susan treated the girls to snacks at her house.

Mr. and Mrs. James Bruski invited the members of the Antioch Assembly, Order of Rainbow for Girls to their home for a skating party.

The annual meeting of the interested Masons and Eastern Stars to elect a new advisory board for the Order of the Rainbow for Girls Antioch Assembly No. 23 was held Sunday.

neurotic about bodily functions yourself, chances are you can change baby's diapers without upsetting his nervous system. They also admit that feeding a baby before his diapers have been changed can be pretty uncomfortable. For you. And if baby is active, he can kick off a warm blanket. In which case, he will feel cold. On the other hand, warm wet diapers provide a dandy breeding ground for germs that cause diaper rash.

Sound confusing? Wait till you hear what the treatment is, when diaper rash develops. Change baby's diapers whenever they're damp. Boil them, dry them in the sun, use a special antiseptic on them. And use special ointment on baby's rash.

You can still save time and laundry. Pre-folded diapers pin on and off in seconds. Diaper services can launder your diapers for you and give them rash preventing features in the process. And when you're on vacation, visiting, or having a sitter, you can rely on disposable diapers. And throw the whole problem away.

Aside from the obvious health motivation, keeping baby dry in clean, soft diapers makes sound psychological sense. Babies need to be cuddled. And who wants to snuggle a diaper-odored soggy-pants? With just a little extra effort, you can keep baby fresh and sweet. And ready for loving.

Is it worth the extra effort? Don't bother to ask the authorities. The answer puts its arms around your neck.

## How Good Is A Guarantee?

Guarantee and warranty are two words that mean much the same thing. By themselves they can mean very much—or very little—or nothing. The Chicago Better Business Bureau has numerous file cases of individuals who bought because they thought the guarantee protected their purchase but found it was merely pure hokum.

A guarantee is as good as the manufacturer or dealer who gives it—but no better. Unless it spells out in detail exactly what it covers and for how long, it means very little. Read the guarantee and understand what it covers.

For example, a non-mechanical chap wanted inexpensive transportation and when he spotted an older model car advertised for \$95 plus a 90 day guarantee he headed for the used car lot. He found the car homed in on all sides by other cars.

When he asked to test-drive it, the salesman replied he was too busy to move all the other cars. Besides, there was nothing to worry about; the car carried a 90 day guarantee. The customer signed the bill-of-sale, and picked up the car the following day.

Before he arrived home, trouble started. Back he went to the car lot. A mechanic delivered the bad news—the transmission was out. On presenting his guarantee, the purchaser was told all would be made well and good but he would have to pay half the cost.

Reading the guarantee for a first time, the customer realized it was only fifty-fifty on parts and labor.

Parts and labor came to \$250 so he plunked down \$125 as his half. Later he found he could have had any

reliable shop do the job—at \$125!

### Some Guarantees

Meaningless  
One Chicago roof-repair firm writes at the bottom on each contract "guaranteed." But home-owners who complain that roof leaks persist after repairs find the firm uninterested and unwilling to send repairmen. An Iowa manufacturer of room air conditioners evidenced little concern for customers who reported trouble. It soon went out of business and thousands of guarantees became immediately worthless.

Some guarantees are silly beyond belief. For example, paint that will "last a lifetime." Gutters that will "never, ever corrode or rust." Or a paint and varnish remover that contains "triple strength" over its competitors.

### Who Offers the Guarantee.

Find out who is going to make good on the guarantee—the store or the manufacturer. Find out if the product has to be returned to the seller or the manufacturer at your expense, or will it be repaired in your home. Find out if the entire product is guaranteed, or only certain parts.

You'll also want to know who pays the labor charges involved in the products repair and if routine servicing is covered by the guarantee.

And, get the guarantee in writing. It's not worth much if it was contained only in the salesman's soothing assurances.

The best guarantee is to trade with a reliable merchant—where you can get the deal you want and a guarantee that means what it says—in writing.

**"I WILL AND BEQUEATH"**  
In the nineteenth century, a man named McAllister, residing in southern Scotland, left each of his daughters her weight in one-pound bank notes. By this provision, one daughter, being considerably stouter than the other, received the equivalent of thirty thousand dollars more than her sister.

Adolph J. Heimbeck, who died on July 10, 1958, wrote in his will:

"I leave nothing to my two sisters Hazel and Katherine as they revere Franklin D. Roosevelt and the taxes caused by him more than equalled their share."

Colonel Charles Nash, who died at the end of the nineteenth century, bequeathed an annuity of fifty pounds to the bell ringers of Bath Abbey, England, on the condition that they muffle the clappers of the bells and "ring them with doleful accentuation" from 8 a.m. to 8 p.m. on each anniversary of his wedding day and, during the same hours, "with a merry peal" on the anniversary of the day in which death released him from the tyranny of domestic togetherness.

The German poet Heinrich Heine left a will giving his wife all his assets, with one condition—that she remarry. "Because," he says in his will, "then there will be at least one man to regret my death."

What you have read are samples of some 250 wills, ancient and recent, that are included in *The Last Caprice*, a small book by Robert S. Menchin, recently published by Simon and Schuster.

For sheer humor, sad and hilarious, I have never read anything like it. As compiled by Menchin, it is something that every elderly person would prize as a gift from a younger member of the family.

## INVISIBLE COSTS

Under the heading *The Invisible Costs of Government*, the First National City Bank of New York in its *Monthly Economic Letters* said:

"No one has tried to calculate the man-hours of dismal drudgery going into the preparation of tax returns.

Form 1040, which 35 million persons find it necessary to use, can require upwards of 500 entries (including supplemental schedules) and as many as 200 additions, subtractions, multiplications and divisions.

"The work imposed on individuals is nothing compared to that imposed on employers. Not only are there many more forms but employers must serve as uncompensated tax collectors, taking money out of the pay envelopes of workers according to formula and, often, adding a tax bite assessed on customers. The IRS has a total staff of 64,000 and a budget of \$674 million. These are big figures. But there is little doubt that business firms collectively employ even more money gathering in tens of billions of revenues.

"And burdens of calculating and assessing taxes are just part of the story. Besides the IRS and state and local tax authorities, there are thousands of government offices and agencies with overlapping jurisdictions over business. Thus, lying beneath the visible costs—set out in the budgets prepared at various levels of government—is an iceberg of invisible costs."

We have quoted only two paragraphs from a long article. It's a discouraging story, with no relief in sight.

Motorists should keep themselves as well as their cars conditioned for winter driving, says the Chicago Motor Club. Winter driving requires different driving techniques—especially when streets and roads are slippery. Accelerate slowly when slippery conditions exist. On snow or ice, test the traction occasionally by lightly touching the brake.

I confess that without access to TV, I would often feel lonely and forlorn, between 6 p.m. and 10 p.m. What some regard as progress, others regard as insanity.

In the relationship between a grandfather and a grandchild, money talks eloquently when the child attains the age of fourteen.

We no longer hear anything that shocks us.

# NICC Ready For Record Turn-out For Ice Derby

Ready is the word for the Northern Illinois Conservation Club's 3rd annual Ice Fishing Derby Sunday, Jan. 12, on the south end of Channel Lake, 3 miles west of Antioch on Highway 173.

Committees in charge of the gala jamboree reported that all the details necessary to handle a record turnout of 3000 frigid-anglers and hecklers are complete.

Valuable prizes will be carried home by those lucky fisher-gals and fishermen by day's end, as a reward for landing the largest fish in each of six categories which include bass, bluegills, sunfish, perch, crappies and walleyes, as well as the largest fish of the day; the smallest and the oddest. Prizes will also be awarded for special events, such as hole making contests for men and women, with chisels and ice augers; fishing contests for men, women and children, in the freshly made holes; skating contests for children; beauty contests for girls. A prize will be won by the oldest fisherman on the ice, and

the youngest, plus many more.

In all, over eighty prizes will be handed out, among which are, a Series E. Bond, electric and gasoline lanterns, portable coolers, bait casting rods and reels, spinning rods and reels, tackle boxes, insulated suits, smoked and canned hams, turkey, hand warmers, hunting knives, live fish bags and landing nets, thermos kits and jugs, toboggan, rain suit, ice chisel, fishing lures, men's toiletries, mittens and gloves, bowling bag, gift certificates, electric coffee maker, gasoline, battery cables, anti-freeze, boat cushions, lamp base, tote bag, tip-ups, cigar and table lighters, auto seat belts, pizzas, outdoor oil, shearing lined shoes, glassware, trees and shrubs and many others.

The events start at 9 a.m. and wind up at 4 p.m. Committee chairmen entrusted with all the details in running the affair include James Waters, tickets; Les Chinn, rules; Milt Brozek, prizes; Walter Monhardt, parking; Richard Waters, equipment; Willis Shannon, refreshments; Harry H. Stern, publicity.

Tickets are \$1 and include supervised parking. Steaming coffee and hot refreshments will be provided all day long by head chef Willis Shannon, whose culinary achievements make gastric juices flow in torrents.

All of the proceeds will go into the NICC coffers to augment and expand its conservation and youth program.

## Sequoits Back Into Action This Friday

The Antioch Sequoits return to conference action Friday on their home court when they will meet a highly touted Round Lake team.

Friday night's tilt will open the toughest part of the Sequoits' schedule this season.

Following Friday's battle, the Sequoits will meet Lake Forest on Saturday evening and then the next weekend they will go against Wauconda and Grayslake in another double weekend. January 24 will see them back against Lake Forest again.

The game against Round Lake will be the first since

## News of Lakesports

December 28 when the Sequoits copped the Fenton Holiday Tournament crown from Bremen at Bensenville. Coach Roger Andrews said the boys were starting to work together defensively but were still dragging on offense. "We're not moving the ball as well as we should," Andrews said. "The two weeks layoff hasn't helped much either," Andrews indicated.

The Sequoits have a respectable 8 and 3 record for

the season and have won two quitoes, the Fenton and last one in conference play. Their own conference loss was at the hands of a surprising Grant squad who are riding high with a 10 and 1 record. The Sequoits sport victories over Elia Verne and Warren as they swing back into conference play.

Round Lake's best credentials coming into the game Friday is a 74 to 69 win over a strong Grayslake team. Game time is 7 p.m.

## Donors Help Swell List Of Derby Prizes

Local merchants displayed their usual generosity in contributing gifts to be used as prizes in the forthcoming 3rd Annual Ice Fishing Derby which is being staged Sunday, January 12, on the south end of Channel Lake by the Northern Illinois Conservation Club. A record turnout of frosty-anglers is expected to crowd into Antioch for this popular event, on the promise of weather which will be ideal for the task at hand.

Following is a list of donors who helped to swell the prize pot:

William E. Brook (State Bank of Antioch)  
Antioch Lumber & Coal Company  
Antioch Packing Co.  
Antioch Firestone Dealer  
Antioch Landscaping Serv.

John Gniot, 611, and 4 more over 570.

## First Loss Of Year For Salem Central

By John Hansen

The Salem Falcons dropped their first game of the year 76-48 to one of Wisconsin's top powers, the powerful Kenosha Bradford Red Devils. Bradford, a school of 3,000 (not counting freshmen) parlayed a big height advantage and a tight press defense to run up their 9th straight win. The Falcons fought "tooth and nail" all the way even though Bradford had built up leads of 30, 32 and 34 points during the second half.

The Bradford scoring punch was delivered from 4 starters. 6-5 Mitch Urbanski and 6-2 Larry Wells scored 17 points each. Bob Pitts was close behind with 15 and 6-3 Bill Mikolyzik clipped in with 10.

Salem had one of its poorer nights shooting as they could only hit on 23% of their shots as compared to Bradford's 35%. Live Foulke led Salem with 11 points, 9 on free throws. Bob Hofer scored 8 points but fouled out in the opening minutes of the 4th quarter. Ron Well also fouled out. Dunc picked up 3 fast fouls in the first quarter and saw little action the remainder of the game.

gunned Bradford ahead 62-33 at the end of the 3rd quarter. The fourth quarter saw Salem's and Bradford's reserves each score 15 points. Jim Herda of Salem pumped in 3 baskets in the period.

Coach Roger Terry's Falcon "B" squad had a 7 point lead on Bradford in the first half but a 23 point 3rd quarter helped the Red Devils to go on to a 62-51 win. Guy Flaschner and Rory Boucha led Salem with 18 and 15 points each.

## Lindenhurst News

By Mrs. Bernice Barnau  
Editor 6-5649

### Prince of Peace Church

People in Lake Villa were paying from 10c to \$1.00 for a 19c loaf of bread Sunday, but they didn't mind. The C.Y.O. of Prince of Peace collected \$143.50 when they went through Lindenhurst and Venetian Village giving loaves of bread to donors to the March of Dimes. Approximately \$90.00 of that amount was collected at Prince of Peace Church after masses.

### Placement Tests

Boys and girls who want to attend Carmel High School in September must take a placement test on Saturday, Jan. 11, at 9:00 a.m. A registration fee of \$5.00 is required when the test is taken; also, \$10.00 initial fee for bus transportation reservation.

### Day of Recollection

The Holy Name Society is sponsoring a Day of Recollection for all the men of the parish. The exercises will start with mass at 12 o'clock noon. After mass, rolls and coffee will be served. The day of recollection will be over around 3:45 p.m. The Rev. Father DeSales of Carmel High School will be the Retreat Master.

All men, and the youth of high school age, are invited. The date is Sunday, Jan. 12. Due to the nature of the conference themes it is suggested.

### Pre-Lenten Dance

The dance originally scheduled for last Nov. 25, which was cancelled due to President Kennedy's death, has been rescheduled as a pre-Lenten dance, to be held Saturday, January 25, at the Lindenhurst Civic Center. Persons who purchased tickets for the November date may use the same tickets for the January dance or may return them to the Society for a refund.

### Holy Name Meeting

Films depicting some of the parish history will be shown at the next regular meeting of the Holy Name Society when they meet on January 15 in the church hall at 8 p.m. A short business meeting will precede the films. Refreshments will be served.

### St. Mark's Lutheran Church News

The Mary Martha Circle will meet at church at 1 p.m. Thursday, Jan. 9. Mrs. Maitland Harvey is hostess.

The Miriam Circle meets at the home of Mrs. Raymond Rathmann at 8 p.m. that same evening.

### Luther League

The Luther League will have the Rev. Allen Lee as their guest speaker Sunday at the meeting, which will start at 6 p.m. with a supper.

### Orientation Class

An Orientation class will meet for the first time Thursday evening at 7:00 p.m. at St. Mark's Church for those who are interested in the teachings of the Lutheran Church. Meetings last for 10 hours.

### Men's Club Report

Doug Ploss, former president of the Lindenhurst Men's Club, handed over the gavel to Claude Anderson at Thursday night's meeting. Plans were made for a Valentine's Dance on Feb. 15.

It was reported that 198 persons attended the New Year's Eve party that the Men's and Women's Clubs sponsored.

### New Year's Eve Party

John and Grace Slove entertained eleven couples in

their home New Year's Eve.

### "Night Owls"

The "Night Owls" gave up their usual canasta playing at their last get-together at Ing Spiegler's home. Instead, they played games and the winners received prizes. The girls found out who their secret pals were when they exchanged gifts.

### Christmas

Three-week-old Paul Allen LaBarbera was baptized Dec. 29 at Prince of Peace Church. God-parents were the maternal uncle and aunt, Mr. and Mrs. Richard Romano of St. Louis.

The 20th also was the 16 birthday of Anthony LaBarbera, so it was a double celebration. Guests were the maternal grandparents, Mr. and Mrs. Joseph Romano, of Bristol, Wis., and the maternal uncle and aunt, Mr. and Mrs. Robert Romano of Niles and their family. The paternal grandfather, Anthony LaBarbera resides with the LaBarberas at 103 N.

### Anniversary

Dudley and Shirley Mertes of 2007 E. Old Elm Road, observed their fifteenth wedding anniversary Jan. 8. Believing in "togetherness," the whole family, including Debbie, Kathy, Terry and Jeff and grandmother, Mrs. Lillian Mertes, were bowling recently to celebrate Dudley's and Timmy's birthdays.

### Lost Bird

Did you by any chance find a blue and white parakeet last week? Mrs. Minnie Hart, 2312 E. Briar Lane is feeling very badly since hers flew away when Al opened the door. She knows that if someone didn't catch him he would die out in the cold. If you found him, and want to make her happy, call her right away.

Volunteering

Bill Bernau, Rod Call, Guy and Jack Beyer spent some of their Christmas vacation tobogganing at Slide Inn. Bill's brother gave him the toboggan for Christmas.

### Boy's Club Resumes

The Boy's Club will be back "in business" Thursday and Friday, after being closed during the Christmas vacation. Several new games have been received from an out of town business man who prefers to be anonymous.

Mothers are urgently needed to supervise the boys. Won't you start the New Year out right and donate a few hours of your time once in a while. Please call Pat Parpan at Elliot 6-3011 and make a date with her for some afternoon from 3 to 6 p.m.

Installation of Women's Club Officers

The new officers of the Lindenhurst Women's Club will be installed Thursday evening, Jan. 9, at 8 p.m.

Plans for the new year will be discussed and committees appointed. Members wanting to save a dollar, may pay their yearly dues in advance. \$5.00 is the yearly dues if paid by the Feb. 13 meeting.

### Florida Vacation

Art and Vivian Nelson of 2108 E. Burr Oak Lane and their children, Jimmy, Karen and Susan returned home last Friday morning after spending the past two weeks in St. Petersburg, Fla. They had Christmas at Art's parents, the Art Nelsons, and New Year's Eve at Vivian's parents, the A. H. Nelsons.

## Babcox Sums Up '63 Cases

Investigations which led to the identification of a torso butchery victim and to the break up of an abortion ring that had flourished for several years were the highlights of 1963 in the coroner's office, according to Lake County Coroner Robert H. Babcox.

The investigations were among probes of 174 violent deaths which occurred in Lake County during 1963 and resulted in investigations by the coroner's office.

Preliminary investigations of other deaths in which a physician was not in attendance at the time of death sent the investigation record well above the 600 mark, Babcox reported.

The abortion probe was triggered by the April 29 death of a North Chicago woman, according to Babcox, who worked with North Chicago police in tracing the cause of death to an abortionist who had been operating in the county for several years.

Babcox was joined in his investigation by County Pathologist Dr. Hugh Wilson.

Evidence developed by

Coroner Babcox and North Chicago police led to the arrest and conviction of Stanley Peterson, of North Chicago, on a charge of voluntary manslaughter.

Babcox received national attention for his part in the work of identifying the victim of a torso murder after portions of a woman's body were found in scattered areas of Lake County during the spring and summer.

Identification of the murder victim as Mrs. Jeanette Hassan, of Chicago, was established through the unique use of x-rays, one of the few times x-rays have been used in establishing identity, Babcox said.

Although the identity of the victim as Mrs. Hassan was firmly established by comparison of chest X-rays she had taken earlier and X-rays of the torso's deformed foot with earlier X-rays, law enforcement officials are continuing the investigation of the crime to establish guilt.

The torso murder and the abortion homicide were two of nine homicides investigated by the coroner's office during the year.

As usual traffic deaths accounted for the majority of the violent deaths during the year with a near-record 81 persons being killed in highway mishaps.

Suicides accounted for 20 violent deaths during the year and there were 14 drownings in the county during the report period, according to Babcox.

Other violent deaths occurred in fires, industrial accidents, and in one case a water skier was electrocuted.

For the second straight year no deaths were attributed to hunting accidents, Babcox revealed.

Snore always seem unbecoming to a woman of whatever age she may be.

The Chicago Motor Club

advises that on cold winter mornings it is important to let your car engine warm up before venturing into traffic.

This good safety habit helps prevent stalling and also prolongs the life of your engine.

But remember: If you keep your car in a garage, open all doors before starting the engine. In a closed garage, the concentration of carbon monoxide from your car's exhaust can be deadly.

## WINTER WEATHER REQUIRES DIFFERENT DRIVING TECHNIQUES!

### ...HERE ARE A FEW SUGGESTIONS FROM THE CHICAGO MOTOR CLUB:

- ALLOW EXTRA TIME FOR BAD WEATHER DRIVING.
- CLEAN SNOW OR ICE FROM ALL CAR WINDOWS BEFORE ENTERING INTO TRAFFIC.
- USE REINFORCED TIRE CHAINS ON PACKED SNOW OR GLARE ICE.
- BEFORE YOU LEAVE ON A WINTER DRIVING TRIP CHECK ROAD CONDITIONS ON DAY OF DEPARTURE.
- TEST HIGHWAY TRACTION OCCASIONALLY BY GENTLY PUMPING THE BRAKE PEDAL.
- DON'T FOLLOW TOO CLOSELY. IT TAKES FROM 3 TO 12 TIMES AS FAR TO STOP ON SNOW AND ICE.
- NEVER RUN YOUR ENGINE IN A CLOSED GARAGE. CARBON MONOXIDE IS ODORLESS, TASTELESS, AND DEADLY. WHEN DRIVING ALWAYS KEEP AT LEAST ONE CAR WINDOW PARTLY OPEN!
- IF YOU SKID-DON'T PANIC! TURN YOUR WHEELS IN THE DIRECTION OF THE SKID. REMEMBER, GREATEST SKIDDING DANGERS EXIST WHEN IT IS JUST COLD ENOUGH FOR WATER TO FREEZE.

## Aliens Must Register

John M. Lehmann, District Director of the Immigration and Naturalization Service, advised today that the annual alien address report program is again under way.

He pointed out that the address reports are required by law and willful failure to

comply with these requirements may lead to serious consequences.

Forms with which to make the reports are available at all Post Offices and Immigration Offices. It is an easy matter to fill out one of the cards and return it to the same office.

Christmas Eve was both a source of happiness and a bitter disappointment to the Ray Yoles, Grass Lake. Earlier that evening, Mr. Yole was honored for his 35 years with the George L. Davis Company, Chicago, at a dinner party. He was presented with a handsome trophy, and a rod, reel, and tackle box for his enjoyment, now that he is retired. But upon their return home to the Yole's Resort, they found their place ransacked and robbed.

Mrs. Yole stated that the front door was smashed open, and \$75.00 cash, some expensive binoculars, and three cases of whiskey were stolen.

Mr. and Mrs. James Balsamello, Beach Grove, Mr. and Mrs. John Udell, Antioch, and Mr. and Mrs. Robert Honson, Camp Lake, Wis., recently attended a Christmas dinner dance at the Glen Flora Country Club in Waukegan.

Mr. and Mrs. Kenneth Mazuca were New Year's Eve guests at the Robert H. Dunlap, Jr., home, Grass Lake. On Saturday, Jan. 4, Mr. and Mrs. Phil Warren and Mr. and Mrs. Ronald Elliot of Downers Grove joined the Dunlaps in a tobogganing party, with refreshments afterwards at the Dunlap home.

Mr. and Mrs. Carl Carlson, Bluff Lake, played host to Mr. and Mrs. Louis Gardner, Mr. and Mrs. Adolph Lillinger, Mr. and Mrs. Alex Hoffman, and Mr. O. Schultz at a dinner party on New Year's Eve. Mr. Carlson enter-

tained their guests by showing movies taken while touring Europe the past six months.

Four couples from Antioch, Gurnee and Waukegan helped the Ed Jahnekes usher out the old year, and ring in the New 1964. On New Year's Day, Mr. and Mrs. John Mould, Waukegan, were guests at the Jahnekes home.

Mr. and Mrs. Alex Hoffman, Grass Lake, were guests at an open house for Mr. George Klopke, Chicago, on Sunday, January 5. The party was a celebration for Mr. Klopke's 80th birthday, and 80 guests were present. His sons, Gilbert, Elmer and Luther Klopke gave the open house.

Mr. and Mrs. Arthur Soby on Dec. 29, held a family get-together at their home for 28 family members. Mrs. Lucy Himens, Antioch, Mrs. Lucille Kutz and family of Dixon, Illinois, and Mrs. Bernice Mogenson and family of Brom Burlington, Wis., were present.

On Jan. 2nd, Mrs. Arthur Soby and sons, Mrs. Lucy Himens, and Miss Ginny Paspell of Winthrop Harbor visited Mrs. Himens' daughter, Sister Mary of the Cross, SSCM. Sister Mary of the Cross is Principal of the Holy Family Academy at Beaverville, Ill.

In winter weather, says the Chicago Motor Club, always turn on your headlights early—especially when it's snowing or foggy. Snow might cause a pedestrian to become careless in looking both ways for traffic, and parking lights are difficult to see.

## Marine Recruiting Hours Change

Young men with an eye to the future can now inquire about the many fine jobs available to men who enlist in the Marine Corps. The Marine recruiting sub-station is now also open on Saturday morning from 9:00 to noon.

Young men may call ON 2-0947 for an appointment or stop by Room 200, Federal office Bldg., 325 Washington St., Waukegan, Illinois.

Many men of the June 1964

graduating class of Lake and McHenry County High Schools have already inquired about the Code J plan (the 120 day delay program) which will allow these men to enlist in February and March and leave in June or July after graduation.

Men who can qualify can be guaranteed the Marine Aviation billets.

Strange things mostly happen only to strange people.

### Many Fields Open In Army Careers

In recent years, the United States Army has had increasing needs for Precision Maintenance Specialists. Skilled young men will find there's excellent opportunity for rapid advancement and higher pay in this challenging field.

Precision Maintenance Specialists are also in demand in many areas in business and industry. Army schooling will provide you with excellent training and a firm foundation of useful experience.

For detailed information on this exciting career contact Sgt. Arthur R. Nelson, located at 820 1/2 Washington St., Waukegan, Ill.

In cold weather your battery becomes less efficient, says the Chicago Motor Club. Lights, radio, heater, defroster, and frequent stops and starts in slow traffic tend to weaken a battery. Have it checked once a week.

Clavey has done outstanding work with juvenile delinquents and proves to be an interesting speaker. PTA president, Mrs. Dorothy Enzenbacher urges all people in the community interested in this ever mounting problem, to please attend this meeting.

**NOTICE** is hereby given  
that on Saturday, the 25th  
day of January, 1964, a spe-  
cial election will be held in  
and for School District Num-  
ber 35, Lake County, Illinois,  
for the purpose of voting  
upon the following proposi-  
tion:

Shall the maximum annual  
tax rate for the educational  
fund of School District Num-  
ber 35, Lake County, Illinois,  
be increased and established  
at .91 per cent on the full,  
fair cash value of taxable

## Millburn News

By Mrs. Frank Edwards  
EL 6-5795

Regular services at Mill-  
burn Congregational Church  
Sunday, Jan. 12; Church and  
Sunday School at 10 a.m.  
Allida Jean Otterness,  
daughter of Mr. and Mrs.  
Henry Otterness, born Nov.  
25, was baptized at the Sun-  
day morning service.

The Millburn Cemetery As-  
sociation will meet at the  
home of Gordon Bonner Mon-  
day, January 13, at 2 p.m.  
The January meeting of  
the Ladies Aid will be held  
Wednesday, Jan. 8. There  
will be no dinner for the  
public. A business meeting  
of the Aid and the installa-  
tion of officers will be held  
in the afternoon. The ladies  
will meet at 9:30 a.m. for a  
sewing day. Ladies, please  
bring your sewing equip-  
ment.

The Devotional Study  
Group will meet at the home  
of Mrs. Garrett Trout Thurs-  
day morning, Jan. 9, at 9  
o'clock. Instead of at the  
home of Mrs. Prange.

The members of the Study  
Group enjoyed a luncheon

**Inside Antioch High**  
**My Marilyn Gras**  
Much of the high school  
has a new look for the new  
year. Brighter lights have  
been installed in many of the  
older halls of the building.  
The lights make the halls look  
nearly as bright and sunny as  
spring.

Sports activity resumes  
this week with both basket-  
ball and wrestling. Tuesday  
afternoon the Sophomore and  
Freshman basketball squads  
played against the teams of  
Carmel high school in Munde-  
lein, Friday and Saturday  
night Varsity and Sophomore  
teams will face Round Lake  
and Lake Forest. Both nights  
the battle will take place at  
Antioch.

Friday evening the Antioch  
wrestlers will be at Munde-  
lein, and Saturday afternoon  
they will have a match with  
Round Lake at Antioch.

A student directory, a  
movie, and an exchange stu-  
dent are among the projects  
that the Student Council has  
been working on recently.  
The directory that the Coun-  
cil is currently discussing  
will include the name, ad-  
dress, and phone number of  
each student at Antioch High.  
The directory will be avail-  
able to students for a very  
small fee.

The movie, "Pillow Talk,"  
will be shown some time  
within the next few weeks.  
Any student who wishes to do  
so may attend. Usually there  
is a very small charge to  
cover the cost of renting the  
film.

Next year for the first  
time Antioch High will host  
a foreign exchange student.  
The student will be brought  
to Antioch as part of the  
American Field Service pro-  
gram. Many schools through-  
out Lake County and the en-  
tire United States already  
take part in this AFS pro-  
gram.

The Council is planning  
several activities to meet the  
cost of bringing the student  
here. In addition, many  
school clubs are being asked  
to contribute to the fund.  
The Science Club already has  
pledged \$200. Any civic or-  
ganization or business that  
would like to help the Coun-  
cil with this worthwhile pro-  
ject can obtain further infor-  
mation from Mr. Brown at the  
high school.
